

# Plan ahead

**There will be times when changes need to be made to scheduled services, as we undergo network improvement works.**

We know it helps to have information in advance, so we're providing two months' notice to help you plan ahead.

We'll provide monthly updates, however schedules may change, so please visit [vline.com.au](http://vline.com.au) or [ptv.vic.gov.au](http://ptv.vic.gov.au) for the latest timetable information and to plan your journey. You can also subscribe to *V/Line Inform*, to be notified by SMS or email or PTV's weekly travel update email.

## Current works for a safer, more reliable journey include:

- Metropolitan network level crossing removals
- Power and signalling upgrades along the corridor to prepare for new High Capacity Metro Trains

For more information visit [ptv.vic.gov.au](http://ptv.vic.gov.au) or call **1800 800 007**.

If you are deaf, or have a hearing or speech impairment, you can contact us directly or through the National Relay Service and request to call **1800 800 007**.

 Coaches replacing train services for all or part of the journey.

Please note that the forward program may change as construction schedules progress. There will also be regular night works with coaches replacing trains for all or part of the journey.

When train services are affected by works, we will be providing a mix of express and stopping coaches. We apologise for any inconvenience caused by the changes to normal train services and thank you for your patience as we complete these network improvement works.
