

Shuttle bus timetable

Due to construction of a new pedestrian overpass at Traralgon Station, the current overpass is closed.

For commuters on the Queens Parade side of the station, a free shuttle bus service will run every 30 minutes on the hour to transport passengers to the Princes Hwy side of the station, where trains arrive and depart.

A shuttle bus/train schedule will be available so passengers can plan their journey.

Please allow extra time. For more information and to view the shuttle bus/train schedule please visit vline.com.au.
